

**NATIONAL
INSURANCE
ACADEMY**

POST GRADUATE DIPLOMA IN MANAGEMENT (TECHNOLOGY MANAGEMENT)

AICTE Approved

About National Insurance Academy (NIA)

Established in 1980 by Public Sector Insurance companies under the aegis of the Ministry of Finance, Govt. of India. The National Insurance Academy (NIA) is a leading institution for learning, education and research in Management, Insurance, Pension, and allied areas not only in India but in the African, Middle East and Southeast Asian region.

The Academy started the AICTE approved PGDM programme in 2010. The programme has been accredited by the National Board of Accreditation (NBA) and granted equivalence to MBA by AIU.

The Governing Board of NIA has Chairman and the Managing Directors of LIC of India, Chairman-Cum-Managing Directors of General Insurance Corporation of India and Public Sector General Insurance Companies, a senior representative of the Ministry of Finance, Government of India along with eminent personalities

from the Academia chosen for their distinctive contribution to the cause of Insurance, Education and Finance and in other fields.

The present Chairman of NIA Governing Board is Ms. Girija Subramanian, Chairman-cum-Managing Director, The New India Assurance Co. Ltd. The Principal-PGDM is Dr. Komal Singh.

The sponsorship and patronage enjoyed by NIA have made it a prime destination for Education, Research, Training, Consultancy and Leadership Development in Insurance, Pension and Risk Management in South and Southeast Asia. On 11th October 2023, NIA has entered into an MOU with African College of Insurance and Social Protection (ACISP), Tanzania with an aim to establish a world class modern facility to serve Africa in the fields of Insurance, Social Protection and allied fields.

Vision

NIA to be a global institution of excellence in learning and research in Insurance, Pension and allied areas.

Mission

- To build capacities in the management of Insurance, Pension and allied sectors.
- To create a stream of young talent for the Insurance, Pension and allied sectors.
- To provide strategic approaches in the Management of Insurance, Pension and allied sectors.
- To undertake and create an ambience for policy research in Insurance, Pension and allied sectors.
- To promote learning: education and training in Insurance, Pension and allied sectors.

Programme Educational Objectives

- Develop the ability to practically implement theoretical concepts, emphasizing hands-on experiences and real-world applications.
- Cultivate essential industry skills ensuring graduates are well-prepared for diverse roles within the industry by fostering capacities such as critical thinking, problem-solving, effective communication, and ethical decision-making, enhancing the overall competency of students.
- Identify and select high-potential students with a focus on insurance, pensions, and allied sectors, ensuring a talent pool that aligns with industry needs and promote career choices that align with the institute's mission.
- Inculcate a culture of research and innovation by engaging students in policy research projects related to the insurance and allied sectors, fostering an environment where critical thinking and evidence-based decision-making are valued.
- Promote a deep understanding of insurance and allied sectors among students and corporates through targeted educational and training programs.
- Encourage a commitment to continuous learning, ensuring graduates remain informed about evolving industry trends and advancements.

PGDM (TECHNOLOGY MANAGEMENT) :

Shaping Future Leaders at the Intersection of Technology, Management and Insurance

The rapid convergence of insurance, digital technologies, and data-driven decision-making is transforming the global business landscape. As organizations increasingly adopt advanced analytics, automation, and digital platforms, there is a growing demand for professionals who can seamlessly integrate technological innovation with strategic management and industry-specific expertise.

At the **National Insurance Academy**, we are committed to developing future-ready professionals equipped with interdisciplinary competencies across insurance, technology, analytics, operations, and risk management. Our **PGDM (Technology Management)** programme is thoughtfully designed to address this evolving industry need by blending core principles of management with cutting-edge technological insights and domain-specific knowledge in insurance. With a strong emphasis on real-world applications, industry exposure, and analytical thinking, the programme prepares students to navigate complex, technology-driven environments. Graduates are empowered to take on leadership roles and drive innovation, particularly within dynamic sectors such as insurance and financial services.

The unique blend of Technology, Management and Insurance has made the programme attractive to the employers giving a choice of well nurtured talent ready to take up any managerial position in Insurance and allied areas.

This programme emphasizes:

- Digital transformation and emerging technologies
- Data analytics and decision-making frameworks
- Risk management and regulatory compliance
- Technology-enabled business strategies
- Innovation in digital ecosystems, including InsurTech

Through a blend of academic rigor, industry exposure, and practical learning, students will gain the competencies required to manage complex technological ecosystems and drive organizational growth in a rapidly changing environment.

Graduates of the programme will be well-positioned for dynamic roles across technology management, digital consulting, analytics, operations, and innovation-led domains, making them valuable contributors to the future of industry.

The PGDM is a full-time programme for students & with the state-of-the-art facilities that include classrooms, labs, conference hall etc. In addition, the campus has a world class library, swimming pool, outdoor games facilities, gym and yoga centre.

Keeping in tune with the Vision and Mission of NIA, the Academy has always been engaged in:

a. Designing, developing and conducting innovative Management Development Programmes (MDPs) for Insurance Professionals both at the Middle and Senior Management level from the Insurance Industry and other allied sectors from India and abroad since its inception in 1980.

b. Research and Publication in Insurance, Pension and allied sectors.

Alumni : PGDM (Insurance and Risk Management)

NIA's deep-rooted expertise in insurance, reflected through its experienced faculty and constant industry interactions, equipped me with a global view of the sector. Regular seminars and access to thought leaders turned theory into actionable insights, preparing me for real-world challenges.

Thanks to this practical exposure and guidance, I can confidently navigate the fast-moving consulting landscape and deliver value in the evolving insurance domain. ”

Aniket Dhabekar (Batch 2016-18)

Management Consultant,
Accenture Strategy & Consulting

Why NIA? Advantage@ NIA

Excellent track record of placement. Some students are selected by overseas companies. The PGDM Programme is approved by AICTE and accredited by NBA. The programme has also been granted equivalence to MBA by AIU.

The PGDM programme has a unique blend of Management and Insurance subjects where emphasis is placed both on theory and practice. Students of NIA on completion of PGDM have exemption in Associateship examination conducted by Insurance Institute of India based on specific criteria. This gives them an edge over others in gaining insurance knowledge and good placement through campus selection.

The faculty comprises of academicians and practitioners who are on NIA campus on full-time basis, in addition to regular visiting faculty. Excellent infrastructure facilities for curricular, Co-curricular and extracurricular activities that includes a library stocking over

25000 books and around 4000 + holdings and online journals on management and insurance.

A good number of students concurrently pursue Insurance courses through Insurance Institute of India (III) Mumbai, CII-UK, CPCU-USA and Actuarial exams of Institute of Actuaries of India giving them a distinctive advantage in placements.

The PGDM programme of NIA provides the students a practical exposure and opportunity to interact with Regulators, CEOs of Insurance Companies and other Professional Bodies by involving them in several interactive Seminars, Conferences and Insurance Summits throughout the 2 year programme.

The 32 Acre campus in the city of Pune on the Mumbai-Bengaluru highway with greenery all around provides an unmatched ambience along with high safety and security for the students.
